Uganda Project opportunity:

Dear Finn,

Thanks for this mail. It has really helped me out because I had no more contact with you from the time my computer was hit by a virus destroying all my addresses and thus cutting me off from most people.

We are in great need of two projects. A solar lighting project and the lab equipment. They are each 25,000 dollars but can be handled in two portions, we do not have to do all at once. Please advise me. Let me scan the detailed costs of both tomorrow morning.

Sorry for this and called for delay.

By the way, when should I expect a visit from you to Uganda. It is a beautiful country. We shall host you in our little home. There is an attached ROTARY ROOM on it. Looking forward to receiving you and thanks for initiating this project.

All the best.

Martin Kiyaga

Rotary Country Chair (Uganda) and RI Youth Programmes coordinator for Africa.

08-05-2207]

Dear Finn,

Thanks for the mail. Sorry my scanner had a problem over the week. Hope it works tomorrow.

The club will be RC of Kajjansi, ID 61815.

All the best.

Martin
