

**The International Service in Our Community Committee, ISOC  
March 2007 Report to the  
International Service Committee**

---

**Attachment #3**

**2007-03-07**

**Group Study Exchange**

ERC will be hosting the Shanghi China inbound GSE team from District 3450 from April 5- 10, 2007. Attached is the preliminary schedule (See attachment #3A), and host family list (See attachment #3B). Waiting for additional information from the district to finalize the schedule. Mary Sheron has agreed to have a host family social at her house to coordinate activities for the team members.

**Youth Exchange**

ERC has three outbound Students this year. Meghan Buckwalter (email: curyqt121@yahoo.com) is in Germany, Kristen Schiesswohl (email: kschiesswohl@aol.com) is in Sweden and Crystal Simms (email fariedrummer@aol.com) is in Italy. The Club has received emails from Meghan and Kristen.

A request from Meghan for financial support for a trip by her was discussed and the ISC members unanimously agreed to recommend to the Board, that we as a club would not financially support the exchange students, however individual members would be welcome to do so. The exchange students should raise their own funds for their trip and visits abroad. We support the inbound students from the Club funds with a monthly stipend and participation in the District Conference. On occasion the club might have sufficient funds available to support a small amount to support with US travel for the inbound students.

We have received notice from the District that we have been assigned a 17 year old male student from Brazil named Bruno. I have met with the Mtn Foothills Club to discuss their help in hosting Bruno. The District is waiting for the completed application from our female Hungary exchange student. She has to pass the Jeffco English test before she can be assigned to our club. Flora is being sponsored by the Szentendre Rotary Club. The contact was made through a friend of Tom Johnson.

**International Projects through the Interact Club**

Waiting for the Interact Club to request assistance on international projects. We will support them as needed.

Respectfully submitted:

*Sherman Wenger*

Chair, International Service in Our Community Committee
